Ride The Storm

"Ride the Storm" Commercial

Mitsubishi wanted to put their All-Wheel Control (AWC) technology to the test against the toughest winter conditions, so they invited us on a grueling road trip to help them track a storm as it moved inland across the country.

See how it all went down!

Coastal Flood Warning

Statement as of 4:16 PM EST on November 06, 2012

 Mobile & Email Alerts

... Coastal Flood Warning in effect from 11 am Wednesday to 6 am EST Thursday...

The National Weather Service in Upton has issued a coastal Flood Warning... which is in effect from 11 am Wednesday to 6 am EST Thursday.

\* Locations... New York Harbor.

\* Tidal departures... around 3.5 feet.

\* Beach erosion... large breaking waves of 8 to 12 feet on top of any surge could cause significant additional beach erosion and overwash.

\* Timing... around the times of high tide early Wednesday afternoon and again after midnight Wednesday night.

\* Impacts... moderate coastal flooding is expected mainly during Wednesday afternoon. Minor coastal flooding to localized moderate coastal flooding is expected late Wednesday afternoon into early Thursday morning. Locally major flooding could occur in places due to changes to underwater slopes and/or loss of protective dunes both caused by Sandy. Widespread flooding of vulnerable shore roads and/or basements will hamper recovery efforts.

... NY Harbor water levels for Wednesday afternoon...

The Battery NYC... ..137 PM... ..7.75-8.25... ..Moderate..  
Bergen Point NY... ..128 PM... ..8.35-8.85... ..Moderate..

... Ocean water levels for Wednesday afternoon...

Montauk Point NY... ..311 PM... ..5.65-6.15... ..Moderate...

Precautionary/preparedness actions...

A coastal Flood Warning means that flooding is expected or occurring. Coastal residents in the warned area should be alert for rising water... and take appropriate action to protect life and property.

Wind Advisory

Statement as of 4:24 PM EST on November 06, 2012

 Mobile & Email Alerts

... Wind Advisory in effect from 6 am Wednesday to 6 am EST Thursday...

The National Weather Service in Upton has issued a Wind Advisory... which is in effect from 6 am Wednesday to 6 am EST Thursday.

- \* Locations... interior portions of the lower Hudson Valley... southern Connecticut... and most of northeast New Jersey.
  - \* Hazards... damaging winds.
  - \* Winds... north 15 to 30 mph with gusts up to 50 mph.
  - \* Timing... Wednesday and Wednesday night.
  - \* Impacts... winds of this magnitude will be capable of producing some downed trees and power lines.
- Precautionary/preparedness actions...
- A Wind Advisory is issued when sustained winds of 31 to 39 mph... or gusts of 46 to 57 mph... are expected or occurring. Winds this strong can make driving difficult... especially for high profile vehicles. Use extra caution.

Maloit

Special Statement

Statement as of 11:01 AM EST on November 05, 2012

 Mobile & Email Alerts

- The following message is transmitted at the request of the centers for disease control and prevention (cdc):
- In the wake of Sandy... it is important for citizens to remember the following information to protect your life and health and that of your family:
- \* drink clean... safe water and eat safe... uncontaminated food
  - \* keep generators outside at least 25 ft from doors... windows and vents
  - \* do not grill inside your home... the fumes can kill
  - \* never touch a downed power line or anything touching one
  - \* use 1 cup of bleach for each gallon of water to remove mold
  - \* never mix bleach and ammonia... the fumes can kill
  - \* washing your hands prevents illness
  - \* seek help if having trouble coping
- For more life saving health related information call the cdc at 800-232-4636... tty 888-232-6348. [Http://emergency.Cdc.Gov/disasters/](http://emergency.Cdc.Gov/disasters/)

Record Report

Statement as of 8:27 am EDT on November 06, 2012

 Mobile & Email Alerts

... Record low temperature set at Newark NJ...  
  
a record low temperature of 27 degrees was set at 512 am at Newark NJ today. This breaks the old record of 29 set in 1951 and 1953.

[View All U.S. Severe Weather](#)

Public Information Statement

Statement as of 3:00 PM EST on November 6, 2012

 Mobile & Email Alerts

... NOAA Weather Radio weekly test cancelled for Wednesday November 7th...  
  
The National Weather Service New York NY office has cancelled this weeks NOAA Weather Radio... routine... weekly test based on the upcoming storm and ongoing recovery efforts across the area.  
  
This weeks test will be skipped.  
  
We are planning to resume normal routine testing next Wednesday November 14th.
